WORLDS '06

3rd USENIX Workshop on Real, Large Distributed Systems

Sponsored by
USENIX

The 3rd USENIX Workshop on Real, Large Distributed Systems will bring together people who are exploring the new challenges of building widely distributed networked systems and who lean toward the "rough consensus and running code" school of systems building. WORLDS '06 will be co-located with the 7th USENIX Symposium on Operating Systems Design and Implementation (OSDI '06), November 6–8, 2006.

The USENIX Association welcomes corporate support of our conferences. Please see the sponsorship opportunities below for examples of some of the ways you can participate, then contact Ellie Young, Executive Director, for more information: ellie@usenix.org or (510) 528-8649 ext. 18.
